I don't know about uploading osu content to this channel, but I really want to do something when it comes to content... If anyone knows how I can upload my content to this channel, don't using some way that is not standard I know you can't upload your own videos to youtube. However, you can post your own YouTube content in MP4 format (compatible with YouTube videos) or M4V (MP4 in MPEG-4 format) on YouTube. For example, you can create a video with VLC media player, burn an MP4 or M4V file, and then watch it on YouTube.
