IRAE stands for the initials of the four stages. (Intrigue, Rapport, Attraction, and Enslavement.) According to Shogun Method, each of the four stages should be moved through one stage at a time. The stages should also be followed in order, without skipping or staying too long at any stage. The goal is to reach the last stage: Enslavement. An increasing list of men and women are having a positive effect on this methodology. Ladies, they are like a small band of pioneers trying to bring to you the future. Don't be fooled by their innocent appearance. They have knowledge hidden behind their appearance. They have fallen in love with this methodology and they want to teach it to you in order to have a stronger and more powerful effect on their conquests. ## Derek Rake Shogun Method Rar

That being said, Shogun Method is not a bad book. Its great at dealing with ways to handle a woman when shes not interested. So if youre already in a relationship, but shes not reciprocating the affection, Shogun Method can teach you to force the issue or manipulate her into wanting to be with you. The Black Rose is a good form of meditation to learn to control others. In the context of PUA, I believe Shogun Method can use to advance. The themes of the book are very interesting, and according to Derek Rake in his book, actual group discussions took place at some of the training sites. But the overall theory of fractionation is not good. Fractionation is the idea that you can increase the strength of the various stages and eventually cause real personality change. Derek Rake believes that by practicing fractionation a person can become stronger in one area, and weaker in other areas. Ultimately, this would result in a person who couldnt say no to anything. Third, this gets my vote. It looks cool, sounds cool, and is a much more interesting concept than half of the books Ive read on the subject. The fact that it actually works makes me think that a lot of the books Ive read on the subject can be perfected with a little more practice. While I think that Derek Rake has a point, and is one of the most successful PUA to ever exist, I also think that he has learned too much in his short life (only 43 years old) and overextended himself in his

methods. For example, he believes that the Black Rose can be used to control a man, and I believe he is wrong. I'm certain that if he realized that it isn't a potent tool, he would use less of it. I respect Derek for his large impact on the industry, but to me he just seems more like a ringleader in the deep end of the pool.
